Technical Specifications

Button Count: 6 buttons
Bluetooth Version: 3.0
Number of Channels: 16
Resolution: 1000/1500/2400 DPI
Operating Voltage: 3.0V
Operating Current: 5.5 mA
Distance: up to 10m
Dimension: 106 x 67.8 x 36.5mm
Weight: 120g

Intelligent Power Saving (IPS)

The mouse is equipped with Intelligent Power Saving (IPS) function. When the mouse is not operated for 10 seconds, it will automatically drop to the first level of IPS. To wake the mouse, click any button.

• When the mouse is not operated for 10 seconds, it will automatically drop to the second level of IPS. To wake the mouse, click any button.
• When the mouse is not operated for 8 seconds, it will automatically drop to the third level of IPS - sleep model. To wake the mouse, click any button.

DPI Switch

The mouse supports 2400 DPI, 1500 DPI, and 1000 DPI. To switch to either setting, press the DPI button. The default setting is 1000 DPI. Click the DPI button on the top of the mouse once to switch from 1000 DPI to 1500 DPI, click again to upgrade to 2400 DPI, click once again to switch back to 1000 DPI.

Low Power Indicator

The mouse is equipped with low power indicator. When the battery power gets low during the period of use, the indicator under the scroll wheel will flash. Please replace the battery. Note: We recommend you to use AAA alkaline dry cell battery.

Reconnection

There is a connection code for this mouse. High temperatures, electro-magnetic fields or vibration may influence the code signal and the mouse may need to be reconnected.

1. Ensure the battery voltage is correct, if the voltage is low, replace the batteries.
2. Press the pairing button for 2-3 second to reconnect.

Attention

1. To maximize battery life, it’s recommended to use the mouse on a white or light color surface. As the mouse might not work smoothly on some special surfaces, such as smooth, dark or black, reflecting and 3D mouse pads surfaces.
2. If not used, the mouse will drop into auto-sleeping mode within 3 seconds.
3. Press any key or scroll wheel to activate the mouse.
4. Do not use the mouse on a glass or mirrored surface. These surfaces will cause the mouse to fail temporarily.
5. Avoid using the mouse on a metal surface. Metals, such as iron, aluminum or copper, shield the radio frequency transmission and may slow down the mouse’s response time or cause the mouse to fail temporarily.
6. If your PC has a metal case that contains aluminum or magnesium, use the mouse by the side of the PC. The display panel may interfere with the radio frequency if you use the mouse directly in front of the PC.

IMPORTANT SAFETY INSTRUCTIONS-CAREFULLY FOLLOW THESE INSTRUCTIONS

1. SAVE THESE INSTRUCTIONS - This sheet contains important safety and operating instructions.
2. Before using the product, read all instructions and caution markings on the product, accessories and device using our product.
3. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
4. Children should be supervised to ensure that they do not play with the appliance.
5. Keep the product away from fire or explosion may occur.
6. For indoor use only. Do not expose to rain, water, excessive moisture or smoke.
7. For proper insertion, please observe polarity indicators (+, -).
8. Remove the batteries if the mouse is not being used for a long period of time.
9. Do not place product in or near inflammable, explosive or hazardous object.
10. Do not place in or near water, rain, excessive moisture or extreme heat.
11. Do not operate product with damaged cord or plug.
12. Do not operate product if it has been damaged in any way.
13. Do not disassemble the product. Disassembly may result in a risk of safety hazards.

Product Contents

1 x BM307 Wireless Mouse
1 x User Manual
1 x Warranty Card

System Requirements

To use this mouse, your computer must meet the following hardware requirements and run one of the operating systems listed below:

Hardware

• PC with a Pentium processor or equivalent AMD processors
• USB 2.0

Operating System

Windows 8/8.1/7/VISTA/Windows 7/Windows XP/Win XP

Note: The scroll wheel only works under the operating systems listed above. If you use the mouse under a different operating system, the mouse may either not work or lose its enhanced features.

Instructions

Battery Installation

1. Open the battery cover.
2. Install the batteries into the compartment, ensuring they correspond with the polarity markings.
3. Close the battery cover.
4. Switch on the BM307 and adjusting the power switch underneath the mouse. The red LED of the power indicator at the top of the mouse will flash.

Note: Make sure that the polarity of the batteries is correct. The positive (+) and negative (-) ends of each battery must match the positive (+) and negative (-) markings in the battery housing.

Low Power Indicator

When the mouse is not operated for 3 seconds, it will automatically drop to low battery indicator. A low battery indicator will appear on the display when the battery voltage is low. If the mouse is disconnected for more than 5 minutes, a low battery indicator will appear and the mouse will be switched off automatically for the purpose of power-saving.

24-Month Battery Life

The mouse consumes little power and offers a long battery life of up to 24 months without changing battery. However, the actual battery life may vary based on user and computing conditions.

Pairing

1) Turn off the Bluetooth of your device.
2) Trench on the mouse, press the pairing button for 2-3 seconds and the LED indicator will flash. Now the BM307 is in pairing mode.
3) The BM307 will be deleted by your device, then click “Pairing”.
4) It will take a few seconds for pairing.
5) Your device will show “Connected” if successful. Now the BM307 is ready for use.

14. Do not throw or shake the product
15. To reduce the risk of electric shock, unplug the product from the power supply when not in use or switch off the power supply
